

Innovative violin chamber ensemble playing the rare and beautiful Hutchins violins

## ✨ About The Hutchins Consort

Now in their 25th Season, The Hutchins Consort is an innovative violin chamber ensemble which performs on the rare and beautiful Hutchins violins. The distinctive lineup of eight meticulously designed, scientifically-tested violins were crafted by Dr. Carleen Hutchins, a dynamic woman whose contributions made an indelible mark on science, music, and women's history.

Fueled by the virtuosity of world-class artists, The Hutchins Consort busts through chamber music norms with an exciting fusion of diverse styles and collaborations. Their contagious joy and adventurous spirit make them a trailblazing force breathing new life into familiar melodies and exploring uncharted sonic territories.

“Whenever the Consort performs, audiences are enthralled by the experience.”
